We're delighted to welcome you to the 3rd annual Arena Theater Short Film Festival—a celebration of storytelling, creativity, and community spirit.

The ATSFF committee is proud to present another vibrant and thought-provoking lineup of short films from local, regional, and international filmmakers. With more than 20 filmmakers joining us in person over the course of the weekend and Q&As after every program, we're excited to provide more opportunities than ever to engage directly with the creative minds behind the films.

What began as a grassroots idea is growing into a beloved annual tradition. We are deeply grateful to our incredible filmmakers, generous sponsors, dedicated volunteers, and—most of all—you, our audience. Your continued support not only makes events like this possible but also sustains Arena Theater as a cornerstone of cultural life on our coast.

Please settle in and enjoy a cinematic journey that celebrates both the power of film and the joy of coming together. From global perspectives to local stories, this year's festival is a testament to the enduring magic of our nearly century-old theater and the community that keeps it thriving.

Enjoy the festival!
